DRS. FITTZ & WILSON,

DRS. FITTZ & WILSON.

DRS. FITTZ & WILSON,

DENTAL SURGEONS,

HAVING had the advantage of a thorough Dental education, offer their Professional services to the citizens of Louisville and vicenity. Dr. Fittz's skill in Mechanical Dentistry can be seen at their office, specimens of which took the first Premium and Diploma at the United States Fair in 1857. Dr. Wilson has been treating aching teeth successfully for the last five ye'rs by destroying the nerve without pain, filling the fangs and crown with gold, rest ring the tooth to its natural shape, and making it as useful as before decay. Do not have your teeth extracted until you are certain they cannot be saved.—Mor: than fifty per cent. of the teeth usually extracted can be made useful through life. We are daily treating and filling teeth of this class that comes in to be extracted. In no case do we disfigure a tooth by filing to fill it, using other and better means than the indiscriminate use of the file. Any tooth can be filled with gold that is worth filling at all. We use, when requested, a local anesthesia to prevent pain in extracting teeth. All operations warranted as represented, and terms as liberal as any good Dentist can afford.

N. B.—Call and have your teeth examined and our advice gratis.

Office on Fifth street, pext door to anzed day.

DENTISTRY. DR. PIERSON takes this method of introducing his partner, Dr. TUTILE, of Albany, New York, to his numerous patrons, and confidently recommends him

as a skillful Dentist.

We invite the public attention to our new style of
Teeth. For beauty, cleanliness and natural appearance, they are unsurpassed.
TEETH FILLED, nerve destroyed and extirpated;
FANGS FILLED, carlous spots removed;
TEETH POLISHED, Regulating, (altering position);

Office on Jufferson street, north side, between Third
and Fourth.

DR. STRAUS, SURGEON DENTIST.

WOULD inform the citizens of Louisville and its vicinity, that he has located himself here permanently, for the purpose of practicing his profession in all its various branches, after the latest and most approved style. Having practiced for the last twenty years in New Orleans, I feel confident of giving satisfaction to every one who may honor me with a call. I would call the particular attention of the public to my mode of filling teeth, which is done in such a manner as to get twice the amount of gold into a cavity, as done in the usual way. I can, therefore, "guarantee" every tooth plugged in such manner to be as good as if never decayed.

Artificial teeth inserted—from one to an entire set office on Jefferson street, between Second and Third treets, South side, Louisville.

DAILY COURIER. THURSDAY, OCTOBER 14, 1858.

Reading Matter on every page.

LOUISVILLE, FRANKFORT AND LEXINGTON RAIL BOAD-NEW RUNNING ARRANGEMENTS .- It will be seen by the advertisement in another column of the Courier, that new running arrangements over these roads for the fall and winter of 1858-9, will go into operation on Monday next, the 18th inst. The first train for Lexington will start as hereofore at 5.50 A. M., and will arrive here at 6.55 P. M., which is a few minutes earlier than now. The second train for Lexington will leave a 2.30 P. M., instead of 2 P. M., as at present, and will arrive here at 11.15 A. M., instead of 10.20 A. M. This train will hereafter stop at O'Bannon's and Beard's stations, both going and com-

The "accommodation train" for Lagrange will leave at 4 P. M. instead of 5.10 P. M. as now, and arrive here at 8.55 A. M. instead of 8.25 A. M. The changes will no doubt suit the convenience of the traveling public, and be approved by those who have occasion to use the cars on these safe and well managed roads. We venture to say that during the last year, on no road in the Union, of the same length, have the arrivals and departures of the trains been more prompt and regular than on this. The officers and employees work together harmoniously, the discipline is perfect, and as a consequence we have rarely an amnoying delay to record, and serious accidents are altogether un-

Hon, Linn Boyd.

We publish this morning a letter recommend ng Hon. Linn Boyd as a candidate for Governor Col. Boyd is so well known to the Democracy o Kentucky that nothing we could say would add to his fame. He has filled high places in the councils of the nation, and filled them nobly .-He is a Democrat of the true school. He is the right sort of a man for a State election, and if the onvention shall nominate him none will give

THEATER. - Miss Avonia Jones concluded a very uccessful engagement by a complimentary bene fit at the Louisville Theater last night. The play f Sybil was given for the last time, and an imnense audience was present. We think this was more a tribute to her beauty and talent, than to the intrinsic merit of the play. Two of our miliary companies, the National Blues and Marion Rifles, in full dress, were in attendance. Miss Jones was called out and thanked her Louisville friends for their kindness.

Miss Susan Denin, a very fine actress, makes her appearance at the theater to-night in the "Assassin of the Chateau." The scenic piece of the "Forty Thieves," with Miss Ida Vernon in the prenciple female character, will also be presented for the first time.

REMOVAL OF THE GRAND LODGE TO LOUISVILLE. -It affords us great satisfaction to learn from the letter of our indefatigable Lexington correspon dent "Corporal," that the Grand Masonic Lodge has resolved to remove its headquarters to this city. Hereafter, the sessions of all the State Masonic bodies, are to be held here. Ample accommodations will be afforded these organizations in the spacious and beautiful temple of the order. We shall expect much pleasure from the annual reunion of the brethern in Louisville.

DR. H. RODMAN .- A letter in our issue of to-day, uggests Dr. H. Rodman, of Frankfort, for register of the land office. We have known Dr. Rodman long and well. He is as true man as ever lived. If he wants the office, n man would fill it better. Talented, industrious and true, we would not hesitate to indorse him for anything he asks. His professional duties, he cares about having this office. He has registered diseases so long, and so well, that we don't suppose he cares about registering land, and if he does, his patients wont be likely to permit him to

Col. T. F. CHAMBERS' SPEECH .- The argument of Col. Chambers, of Cincinnati, in defence of Coleman, vesterday, was a noble effort. It was eloquent, logical and pathetic. Those who heard , speak of it in the highest terms, and its happy effect upon the jury could not be mistaken. The Col. is a fine looking gentleman, and appears to the very best advantage before a jury. His speech was listened to with marked interest by the jury,

the court, the bar, and a large audience. ORDER OF ARREST .- Willis Mitchell, and his son Lacy Mitchell, against whom the grand jury found a true bill for the murder of Henry Kartman, in Portland, were ordered into custody, yesterday, by Judge Muir. These persons were admitted to bail by the judge of the police court, the

THE KENTUCKY MECHANICS' INSTITUTE. SIXTH ANNUAL EXHIBITION.

The Closing Address-Award of Premiums. The attendance at the Institute last evening to witness the closing festivities was brilliant, fashionable and numerous. All were gay and joyous, and when the bell rung out the final summons for departure, the pleased throng were loth to leave the exciting precincts of the exhibition hall.

We publish the beautiful address of Mr. Keller this morning. It is a graceful and poetic production, and will add to the reputation that its author already possesses as a forcible and fluent speaker. After the crowd had departed, the usual annual banquet of the directors was had. It was creditable to the taste of Mr. Schuster, the purveyor of the feast, and enjoyed by the participants with infinite gusto. We cannot, at this late hour, do more than make this brief reference to the pleasant reunion of the managers and members of the press. Of the sentiments, and speeches, and songs, we shall have more to say by-and-by. LIST OF PREMIUMS.

There were fewer difficulties during the day than we have ever witnessed, when the contest was so close. A diffi-culty occurred at the court house, between a river man named Roberts and a German. It was about matter that occurred at a Turner's ball, some ny serious damage to anybody. A difficulty oc-urred at the Washington engine house, between tobert Southard and Stewart Sandford, in which he latter was very badly beaten. There was an old grudge between the parties, and they took election day to settle it.

These were the only fights that we heard of.—

We are glad to be able to say that we had, yester-day, an unusually quiet election.

The number of votes polled, yesterday, in this city was 2,130, being about 200 short of the vote polled two years ago. This falling off will be ac-counted for by the formation of a new voting pre-cinct, about six miles out of the city, in this town ship .- New Albuny Tribune.

Reading Matter on every page. August Election 1859-State Officers.

The constitution of Kentucky requires the elec tion of a governor, lieutenant governor, attorney general, auditor, superintendent public instruction, president board internal improvements, and register of the land office, once in every four years. Also a treasurer once in every two years, and a clerk of Court of Appeals once in every eight years. These offices make up what is called the State ticket. Elections for all other officers are confined to districts.

Thus, with his greet fund of good humored and witty anecdotes, which he relates in the most felicitious and happy manner, although, appropriate to the occasion and circumstance; as for instance, a few weeks before the close of the last The present State officers, Hon. Chas. S. Morehead, Governor, Hon. Jas. Harlan, attorney general; Thos. S. Page, auditor; Rev. John W. Mathews, superintendent public instruction; Dr. David Haggard, president board internal improvements, and Andrew McKinley, Esq., register of the land office, were elected in August 1855. Their places are therefore to be filled in August 1859.—Jas. G. Garrard, our treasurer, elected in 1857, has a term which expires at the same time. His

sions in some parts of the State, indicated by letters that we have received.

Now, it should be remembered that the officers above enumerated are State officers. They are not confined to any town, city, county, or district. They embrace the whole of the Commonwealth, with its four appellate districts, its twelve circuit court districts, its ten Congressional districts, its thirty-eight Senatorial districts, its hundred counties, its thousands of cities, towns, and precincts, and its million of freemen. The leading thought to be kept in view, therefore, in suggesting nominations to the convention, which meets at Frankfort on the 8th of January, is that the offices to be filled are State offices. There are thousands of next Governor? men in the State who might properly enough claim a precinct, a city, a county, or a district of fice, who ought not to be mentioned in connection with a State office. Let the State offices be filled some State reputation-men who has done the Democracy State-service, and who are known in more of the State than in their own

town, county, or district. If these suggestions are regarded the Demo. cracy will send men to Frankfort capable of any statesman in or out of Kentucky. guarding and holding the power we now have in ter of this happens to know that in our last State convention Col. We now have power enough in the State, and the question is not now how we shall acquire more, but how we shall retain what we have .-If our suggestions are carried out, we shall retain this power, but if they are disregarded, we shall lose it before we get fully into the enjoyment of it. Hon. A. G. Talbott.

We publish in another column, to-day, a well written communication strongly recommending Hon. A. G. Talbott, the able, zealous, and gallant Representative in Congress, of the fourth district, as a suitable candidate for next Governor of Kentucky. We indorse every word uttered by our correspondent as to the worth, merits, and capacity of the distinguished gentleman. Mr. l'albott is a splendid specimen of the true Kentuckian, and with him as our standard bearer, in the next contest a victory would be won worthy choice as to the other offices that are to be filled, of the party and of himself. Without wishing to detract a whit from the claims of other prominent and able men whose names have been mentioned in connection with the same office, we do not hesitate to say that Mr. Talbott could bring with him into the canvass, more zeal, energy, and abil. ity to do hard work, than any other man in the State. His last two brilliant canvases demonstated that whilst his own unconquerable energy carried him successfully through, almost any other man in the district would have been overparty, by his untiring energy, he is a courteous, kind, and amiable gentleman, possessed of large experience in just such duties as will be required of the incumbent of that office. With such a candidate whelmingly defeated. He woud not only make a splendid and triumphant race, but would prove to be one of the best and most popular Governors Kentucky ever had. HUGHES'S TONIO is purely vegetable in its composition, and will be found peculiarly adapted to the cure of Chills and Fever in all cases, and particularly so in delicate femsles and children. In nervous and debitated constitutions, caused by ague and other malarious diseases, it will be found of decided benefit by counteracting any nervous derangement, and by giving tone to the Stomach and Liver, thereby restoring the system to its natural vigor. In its effects it differs from Quinine in producing no headache, giddiness, nausea, or any other unpleasant sensations whatever. Testimonials of its efficancy can be seen at our store at any time.

I have given this department of my business very special attention for several years past, and have availed myself of every variety of Pebbles and Glasses, to be obtained in Europe and America.

Having made the eye a part of my study, us a physician, previous to my present occupation, I think I may justly say that a knowledge of the physiology and pathology of the eye is important in giving aid to impaired ution.

THE GENUINE PEBBLES. The different varieties of these fine lenses I recommend because of their perfect transparency and extreme hardness. They cannot be cut by the diamond, and, therefore, by constant use are never defaced by scratches. Their temperature, compared with the soft glass, is a ready test by which those unacquainted may distinguish them by the tongue or delicate touch—they being crystalized stone, hence colder than glass. eing crystalized stone, hence colder than glas Orders by mail will receive prompt attention.

Thus far the programme has been fulfilled. Perim has been quietly possessed by Britain; Turkey remonstrates; France does not bluster, but all quietly as the offence was done, takes measures that are yet to be cited as having been sufficient protest against it. So this yet seemingly quiet matter at issue is no triffin one. Britain's one step regarding it is no triffing one.

Then will indeed be a time of strife that may well make the world shudder with horror, as the lightning's wing and the iron horse take abroad the dreadful ti-The struggle will be terrible, indeed; sullen, yet fierce desperate, yet crafty—and knowing no laws but those ostrength and vengeance.

All these things are familiar to Napoleon's thoughts—all enter into his estimate of the vast venture for the permanency of a Bonaparte throne.

And thus may be grasped the key to Napoleon's course. It may be a matter of no slight interest presently to dwell upon the influence which the course and events referred to will have upon AMERICA.

SMITH'S TONIC SIRUP.

THE attention of dealers in Drugs and Medicines, and persons afflicted with Chills and Fever, or Ague and Fever, is respectfully invited to this celebrated medicine, which has justly obtained a high reputation throughout the country, and for many years has maintained its superiority over all other remedies, as a safe, certain, speedy, and permanent cure for Chills and Fever, or Ague and Fever.

The public may rely upon the fact that it is entirely vegetable in its composition, and made from the best, purest, carefully selected reliable articles, and is always prepared by the proprietor in person, and, therefore, he can warrant it uniform in quality.

Quinne, and other remedies, as a general and popular remedy in all cases where a lonic is required and proper to be administered.

It does not produce Headache, Giddiness, Buzzing of the Ears, or any of the unpleasant effects which so frequently attend the use of Quinne, or other remedies, but may be given in all cases, and under all circumstances whatever, to Females, Infants, and all persons who are debilitated, or have the most delicate constitutions, without the least apprehension of any injurious or even unpleasant effects.

Practitioners of medicine who have not prescribed it, and afflicted persons who have not used it, are respectfully invited to give it but a fair trial, and they will then be convinced of its great superiority over other remedies and that it possesses all the virtues claimed for it.

It is not only perfectly safe and innocent in its effect, but in no case whatever has it been known to fail in curing Chills and Fever, or Ague and Fever, whether of short or long standing, if the directions were strictly followed and carried out.

Chills and Fever, or Ague and Fever, whether of short or long standing, if the directions were strictly followed and carried out.

This medicine has become a staple remedy, and for yearshas been extensively used throughout the States of Kentucky, Tennessee, Alabama, Mississippi, Loudisiana, Texas, Arkansas, Missouri, Illinois, Iowa, Wisconsin, Ohio, Indiana, Nebraska, Pennsylvania, Michigan, and California, and more lately in Kansas Territory, and has permanently cured near 2,000,000 of cases in all its varied forms and conditions, many of which were from one to three years' standina, and had resisted all the usual remedies known in the country, and in no case did it fail to make a perfect and permanent cure where the directions were properly followed. Such is its invariable success that it has gained the confidence, favor, and patronage of a large number of respectable practitioners of medicine throughout the Persons living in districts of country subject to Chilis and Fever, Ague and Fever, or Billious Fever, would do well to keep a constant supply of this invaluable remedy always on hand.

The proprietor has in his possession a large number of certificates and other testimonials from persons who have used this medicine, as well as from Physicians, Druggists, Apothecaries, and other dealers in medicine, attesting its superior virtues as a curative in Chills and Fever, or Ague and Fever; and he could obtain many thousands more, or enough to fill a large volume, but does not deem it necessary, as it is already extensively and favorably known to the public generally.

Late News from Mexico. CHARLESTON, Oct. 12.—By the arrival of the Isa-el, from Havana, important news from Mexico has

The British steamer Solent had arrived Havana. She left Vera Cruz on the 3d inst.

A courier arrived at seven in the morning from the city of Mexico, stating that Gen. Vidaurri had been beaten by Gen. Wisamon near San Luis; the latter was said to have captured a thousand prisoners and several pieces of artillery. At eight o'clock another courier had arrived, stating that Vidaurri had defeated Wisamon, and that the latter had blown out his brains in despair. The Solent brought news from Tampico that Gov. Garriea had levied contributions on all foreigners, to the amount of \$100,000, and on failing to raise the sum, he had imprisoned a number of Spanish and American citizens for thirty-eight hours, with nothing to eat or drink. They were released on the promise to raise the amount. A number had fied to the steamer Solent, and the Spanish Consul took refuge on board a Spanish vessel-of-war off Tampico. His family took refuge on the Solent.

Nashville, Oct. 13.—There was a desperate fight at the fair grounds to-day. Fron twelve to fitteen persons were engaged in it. Sandy Owen was killed and his brother dangerously wounded; Samuel Cowan was mortally wounded; Gen. Joel A. Battle had his skull fractured; several others were badly hurt. The fight took place in immediate proximity to the visitors of the grounds, among whom were a large number of ladies. It is understood that a family feud was the origin of the quarrel.

Boston, Oct. 13.—A collision occurred last night near Newport, between the steamer Empire State and sloop Exchange, of Dartmouth, through the mismanagement of the latter. The sloop was cut in two. The captain was knocked overboard and probably lost, though he may possibly have reached the shore. The crew were rescued by boats from the Empire State, which remained alongside the week more than an hour The alongside the wreck more than an hour. The night was cloudy and very dark.

New York, Oct. 18.—The English papers contain nothing additional in relation to the Morphy chess contest. Harrwitz had requested a postponement, and the games were to be renewed on the 39th ult.

The steamship Arabia sailed at noon for Liverpool, with \$450,000 in specie.

Destructive Fire. LITTLE FALLS, MASS., Oct. 13.—The planing mill of Mr. Beardslee; the storehouse of Rathburne & Co.; hammer factory, Cheney & Lerow; barrel factory, D. C. Peck; lumber yard landing and store of Mr. Houghton, were burned last night. The property was set on fire. Loss \$15,000, which is mostly insured.

are new Pianos in this market, but they are well known in many sections of the country as an A No. 1 instrument. Competent judges who have tried them pronounce them fully equal, if not superior, to the Steinway & Son's Pianos. They are a beautiful, highly finished instrument, and we can sell them at three-fourths the price of a Chickering Piano, as we do not have to pay anything for their name or reputation. We still keep a full supply of the New and Improved Scale of Chickering & Son's Grand, Parlor Grand, and Square Pianos, and as we are Cash Dealers in them, we can sell them unusually low for cash. We have also several other makes of Pianos, all of which we warrant to give perfect satisfaction. Announce that they have secured the entire Atlantic Telegraph Submarine Cable U. S. STEAM FRIGATE, NIAGARA. In order to place it within the reach of all classes, and that every family in the United States may possess a specimen of this wonderful mechanical curiosity, they propose to cut the Cable into pieces of four inches in length, and mount them neatly with brass ferules. Each piece will be accompanied with a copyrighted fac similie certificate of

CYRUS W. FIELD, Esq., nat it is cut from the genuine cable. Twenty miles of have been actually submerged and taken up from the bottom of the Ocean. This will be first sold in precisely the condition in which the great Cable now lies in the eld of the Atlantic. he condition in which the great came now her in the ed of the Atlantic.

Orders will be received from dealers and others for not ess than 100 pieces at a time, at \$25 per hundred. Relail price 50 cents each.

The Cable will also be sold in the condition in which it came from the Niagara, in lengths of 40 feet and over at 62% per foot. Smaller quantities at \$1 per foot.

Each order must be accompanied by the money, in funds current in New York, as it will not be possible to open accounts. CAUTION.

Attention is respectfully invited to the following letter CYRUS W. FIELD, Esq.

CYRUS W. FIELD, Esq.

New York, Aug. 24th, 1858.

Messrs. Tiffany & Co.—Gentlemen: At your request, and in justice to you, I am bound to state, that I disposed of the entire balance of the Atlantic Cable, on the U. S. steam frigate "Niagara," to your firm, and that if any other party claims to have any portion thereof, it must either have been procured from you, or from the small specimens which were distributed on board before the Cable was laid, in which case the quantity is too small to be worthy of notice.

There is a peculiar interest attached to the Cable which you have bought—twenty miles of it were actually submerged in the ocean, and recovered, while through all of it the electric signals were being transmitted during the whole of the time occupied in laying the cable. Of course any quantity of cable can be manufactured in England, and many specimens have been circulated in this country, but to few, if any of these, attaches the peculiar value which the cable purchased by your possesses, from the fact that they were part and parcel of the cable which is now actually laid.

I remain, gentlemen, very truly your friend, I remain, gentlemen, very truly your friend, s16 deodlm CYRUS W. FIELD.

HART, MAPOTHER & CO.,

TEE RIVER was slowly swelling yesterday, with about 84 inches water in the canal, a rise of two noches at the head of the falls. The weather durng the day was clear and warm, but in the evenlag it clouded up, with indications of a storm.
We learn from the officers of the mail boat, Hastings, that the river at Cincinnati up to 11 o'clock sday, the hour of her departure, had risen 11 des, with a rise of some two feet water reported at Portsmouth. This news we got by telegraph

vesterday, just 24 hours after date.

The Mississippi, at St. Louis, continues to recede, as well as all its tributaries, and the boats encounter much difficulty in getting along. The following is from our exchanges of yesterday: The navigation of the river between this and Cairo, is

The navigation of the river between this and Oairo, is becoming rather a serious matter, from the difficulty attending it. The Lucas, from Memphis, reports the channel getting rapidly into a worse condition, and the river full of sangs. She was aground at Thebes' drawing 5½ feet. The John J. Row came in from below, drawing 6½ feet water. Thirty inches soant is the depth on the lower rapids and falling. There is 8½ feet in the Missouri, and the channel in a very bad condition.

There were numerous arrivals, including the following named boats: Lucas from Memphis, with the largest amount of a thouyer, viz: 1,183 bales; Great Western, from New Orleans, with a fair car content wish there; John J. Roe, from New Orleans, with 5,706 sacks of salt, &c. The D. A. January arrived End passed on down to the docks as straight and pretty as if her hull was all sight.

The Palis City having put her machinery in order, salisd for New Orleans, with a good cargo, including a large tot of beef cuttle. The Carter received at Levenworth, a lot of 886 bales

The Carter received at Levenworth, a lot of 886 bales of Mexican wool—loubtless the largest shipment ever made on he Missouri.

Ount, Wolf has laid up the Tiggress and Rocket, side by side, where they will probably remain until a rise in the Other warrants him in taking them into that trade. Some time in September last the local inspectors of this dispiret suspended pilot Chas. Lawson, from some cause or another, for three months. Lawson, deeming himself wronged, appealed to the supervising inspector, who relastated him, so that instead of loosing three months, he lost only one.

The price for pound freights, established on Saturday by the Marine A sociation, are \$1.25 to St. Josephs, \$1 to Weston, and 75 cents to Brunswick.

COMMERCIAL.

OFFICE LOUISVILLE COURIER,
TUESDAY EVENING, Oct. 18.
Not much doing in any department of trade thus far this month, with a gradual falling off in supplies of all sorts of produce and merchandize. The stocks, however, of the latter are unusually large and ample for heavy fall trade, which will be active as soon as the health of the South improves, and the river rises. The money market and monetary affairs are quite easy, and we hear of no stringency whatever among banks or merchants. The provision market, though generally quiet, is rather firmer than it had been, with, however, no present demand. As regards prices of hogs for the coming packing season, we hear of no movement, and regard prices as nominal at present at about 4 cents gross, and 5a5%c nett. At St. Louis packers were very backward, and we hear of offers at 4% abc for next months delivery.

The Keokuk Gate City of the 9th says: Quite a brisk business is doing in the hog trade here. Our packers have purchased something over thirty-five thousand head and are still engaging all that offer.—Prices about \$4 50 per cwt. nett weights. The cutting season will open earlier than usual, probably about the first of next month. The number packed at this point this season will unquestionably be a large increase over any previous season's business.

At Mattoon, Ill., the Gazette of the 7th records a sale

of 214 head of hogs, averaging 260 lbs, at \$4 per 100 lbs. The weather at the close of last week was quite cold, with three nights of hard, white frost, followed by two days of light drizzling rain. To-day it is clear and pleasant. The frost, as far as we can hear, has done no damage whatever, the crops of corn, and tobacco being considered safe. The river, though at our usual low stage, is swefling slightly, and in fair condition for light

PRIVATE MEDICAL DISPENSARY.

R. GATES has the pleasure of announcing to the public that he has taken the office formerly occupied by Dr. KING, and permanently located in Louisville, Ky., where he would call the attention of all those afflicted with diseases of a private or confidential nature, to the new method of treatment as gracticed in the English and French hospitals. Having for several years made this class of diseases a speciality, with the knowledge he has of them, warrants him in saying that there is no form of symptoms which they agame that is without a quick and permanent cure. Dr. 3.'s mode of treating these diseases is entirely new, having never been adopted by any other Physician in this sountry.
